Author index of Volume 34

Andries, M., G. Engels, A. Habel, B. Hoffmann, H.-J. Kreowski, S. Kuske, D. Plump, A. Schürr and G. Taentzer, Graph transformation for specification and programming (1) 1–54
Appel, A.W., Book review (2) 159–161
Astesiano, E., G. Reggio and E. Zucca, Stores as homomorphisms and their transformations: A uniform approach to structured types in imperative languages (3) 163–190
Bunkenburg, A., *see* J.M. Morris (2) 141–158
Engels, G., *see* M. Andries (1) 1–54
Habel, A., *see* M. Andries (1) 1–54
Hehner, E.C.R., Specifications, programs, and total correctness (3) 191–205
Hoffmann, B., *see* M. Andries (1) 1–54
Jayaraman, B., *see* M. Osorio (3) 207–238
Kreowski, H.-J., *see* M. Andries (1) 1–54
Kuske, S., *see* M. Andries (1) 1–54
Meyer, U., Correctness of on-line partial evaluation for a Pascal-like language (1) 55–73
Montangero, C., *see* L. Semini (2) 79–140
Morris, J.M. and A. Bunkenburg, E3: A logic for reasoning equationally in the presence of partiality (2) 141–158
Osorio, M., B. Jayaraman and D.A. Plaisted, Theory of partial-order programming (3) 207–238
Plaisted, D.A., *see* M. Osorio (3) 207–238
Plump, D., *see* M. Andries (1) 1–54
Reggio, G., *see* E. Astesiano (3) 163–190
Schürr, A., *see* M. Andries (1) 1–54
Semini, L. and C. Montangero, A refinement calculus for tuple spaces (2) 79–140
Taentzer, G., *see* M. Andries (1) 1–54
Zucca, E., *see* E. Astesiano (3) 163–190
